Dear Customer,

Subject: Termination of the 'XNET Network' service

With this letter we wish to inform you that the Athens Stock Exchange has notified us that the operation of the XNET Network of the Athens Stock Exchange Group will be terminated on **31/05/2023**.

The termination process will be carried out gradually as follows:

1. As of **01/12/2022**, the introduction of new foreign ISINs on the platform of the XNET Network has been terminated.
2. As from **01/05/2023** only Sell Orders will be accepted through the XNET Network (last day of entering Buy Orders is Friday 28/04/2023).
3. As from **01/06/2023** no orders (Buy or Sell) will be accepted through the XNET Network (last day of entering orders is Wednesday 31/05/2023).
4. Please note that the last date for placing **Buy Orders through the CISCO Online Plus Trading platform** is **24/03/2023**. As from this date and up to and including 28/04/2023, any Buy Orders may only be given through the CISCO Brokerage Trading Desk.

To ensure the best possible service to you, The Cyprus Investment and Securities Corporation Ltd ("CISCO") provides you with the following options up to 31/05/2023:

- I. To ensure the uninterrupted provision of our services you may transfer your portfolio to **CISCO Global eTrading**, our alternative trading platform, with zero charge. For information about the **CISCO Global eTrading platform**, you can visit our webpage at <https://www.cisco-online.com.cy/brokerage-services/our-business/>.
- II. You may transfer your portfolio to another broker/custodian of your choice, with zero charge.
- III. You may proceed with the liquidation of your XNET portfolio.

From **01/06/2023** onwards and in case you fail to take any action, the Athens Stock Exchange will impose an additional monthly fee of €1,000 for the safekeeping of stocks purchased through the XNET service, as per announcement 18RS of ATHEXCSD, which is in effect since 21/11/2022 and is available in the webpage of ATHEXGROUP (Operations-Regulatory-Resolutions-ATHEXCSD).

The specialized and experienced CISCO staff remain at your disposal for any assistance you might need.
